Goal: To further your understanding of your area of scientific study and its application to daily life.

Instructions: Choose a topic in one of the areas of focus below. Research your topic. Then write a multi-paragraph composition of 500-700 words. Your paper should explain the science behind the topic. You must cite your sources in APA both in-text and on a references list.

AREAS OF FOCUS: Industry, Products, Technology & Materials

Some subcategories to start your brainstorming....

- Environmental Impact (Ecology, Conservation, Pollution, Climate Change, Renewable Energy)
- Medical Technology (Radiation, Imaging, Sight, Prosthetics)
- Industry (Forestry, Oil Industry, Fuel Cells, Biotechnology, Mining)
- Chemical Products & Safety (Laundry & Cleaning supplies, Paints, Glues, Construction Products)
- Synthetic Materials (Polymers, Plastics, Artificial Turf, Vinyl, Polyester)

Your paper will be due in stages as follows:

1. Research question & 1 source cited in APA  DUE: ________________
2. Outline  DUE: ________________
3. Final due date for the paper is February 26th

Print a hard copy and submit it to your teacher. Email an electronic copy to library@carsongraham.ca. Write your full name in the subject line of the email.

Late papers will not count towards Term 2 Report Cards.

You will be held to the highest standard of academic honesty.
You must submit original work.
You must use APA style to cite all words and ideas that are not your own.
